

KNIT

Learn

ON THE COVER

Dr. Beverly Mathis Elementary School
Las Vegas, Nevada

Knit believes architecture can elevate and transform lives, fostering community wherever we live, learn, work and play.

Learn focuses on education within our communities. The Learn component actually creates communities within schools as much as it creates ecosystems in the surrounding neighborhood. Learn is a big part of strong and vibrant communities.

DESIGNING COMMUNITY

Pre-School/Daycare

K-12

Charter Schools

Faith-Based Facilities

Technical Academies

Specialty/Skilled Training Facilities

Higher Education

Campus Improvements

Master Planning

Lyal Burkholder Middle School
Las Vegas, Nevada

Utah Valley University, Pope Science Building In-Fill
Orem, Utah

“You shouldn’t focus on why you can’t do something, which is what most people do. You should focus on why perhaps you can, and be one of the exceptions.”

STEVE CASE,
ENTREPRENEUR, FOUNDER AOL

Legacy Traditional Schools,
North Valley Campus
North Las Vegas, Nevada

Boulder City High School Theater
Boulder City, Nevada

College of Southern Nevada,
Engelstad Health Science
Building, Charleston Campus

Pahrump Valley High School
Pahrump, Nevada

College of Southern Nevada,
Engelstad Health Science Building, Charleston Campus
Las Vegas, Nevada

College of Southern Nevada,
Health & Sciences Building, Henderson Campus
Henderson, Nevada

Sustainability

Western communities are often islands of scarce resources amid beautiful but forbidding landscapes. As stewards of these resources, we have been charged with the dual missions of addressing the global problem of climate change and the aesthetic challenge of protecting open landscapes even as we accommodate growing populations.

At Knit, we consider it not only a responsibility but an exciting architectural challenge to create structures and spaces that conserve our resources and honor our landscape. To us, it is an essential part of being a good member of the community.
